

CERTIFICATI ALOE VERA

Informazioni dettagliate riguardanti gli attestati di merito, che elogia i produttori della materia prima Aloe Vera, dalla quale sono fabbricati i prodotti ESSENS.

Si tratta di un certificato di qualità rilasciato da un'Organizzazione Internazionale non-profit, „Il Consiglio Scientifico Internazionale Aloe“ con sede in USA. Coltivatori, produttori, ma anche medici e scienziati, sono membri di questa organizzazione. L'Aloe Vera viene utilizzata in vari prodotti come ad esempio bevande, prodotti farmaceutici, prodotti per la cura della pelle, ecc. Il fornitore della materia prima „Aloe Vera“, dalla quale vengono realizzati i prodotti ESSENS, ha ottenuto diversi certificati, relativi a particolari prodotti di quest'azienda. La rigorosa ricertificazione annuale assicura una garanzia di qualità.

Questi due certificati sono stati conferiti dalla compagnia americana „Servizio di Certificazione Internazionale, Inc“, creato nel 1979, la quale provvede alla certificazione delle aziende agricole e creata; tutto in conformità all'ecologia e all'ambiente, senza l'uso di sostanze chimiche e modificazioni genetiche. La certificazione è richiesta dalla legge americana e si estende a tutte le categorie: settore agricolo, industriale ecc. Perciò i certificati garantiscono al consumatore la produzione biologica delle materie prime. I fornitori di „Aloe Vera“ hanno due certificati di qualità:

USDA (Programma Biologico Nazionale) - Questa certificazione richiede la produzione biologica delle materie prime e il rispetto degli standard stabiliti.

IFOAM (Federazione Internazionale dei Movimenti dell'Agricoltura Biologica) - Azienda agricola biologica certificata - accreditamento ambientale internazionale il quale deve rispettare le rigide richieste stabilite da USDA e ISO 65. La rigorosa ricertificazione annuale assicura una garanzia di qualità.

Questo è un certificato rilasciato dalla compagnia messicana VIVA HALAL A. C., specializzata nel rilascio di certificati di prodotti destinati al mercato mussulmano; ciò significa che sono stati approvati secondo la legge religiosa islamica - Sharia. La rigorosa ricertificazione annuale assicura una garanzia di qualità.

Certificato rilasciato dalla compagnia „Servizio di Certificazione Giapponese, Inc“, situato in Giappone, permette l'entrata di questi prodotti nel mercato giapponese. Questo è possibile grazie anche al „Codex Alimentarius Commission“ - Norma Alimentare Internazionale che garantisce la salvaguardia della qualità del cibo. La rigorosa ricertificazione annuale assicura una garanzia di qualità.

Anche se questo certificato non è menzionato nei documenti relativi ai prodotti di „Aloe Vera ESSENS“, i fornitori di „Aloe Vera“ sono obbligati a possederlo. La compagnia messicana „Supervisor Kosher“ lo rilascia e si occupa di garantire che tutti i prodotti rispettino l'etichetta del „Kosher“; ciò significa che essi sono stati approvati secondo la legge ebraica. La rigorosa ricertificazione annuale assicura una garanzia di qualità.

Oltre ai certificati di qualità e d'origine di cui sopra elencati, la materia prima è testata e certificata, „certificato di conformità“, anche in base ai regolamenti e le norme applicabili nell'Unione Europea.

Certified Organic to the USDA National Organic Program

Certification good until surrendered, suspended, or revoked according to USDA regulations 205.404(c) Granting Certification and 205.405 Denial of Certification.

International Certification Services, Inc. (ICS Inc.), in granting this certification, warrants it has reviewed the above Certified Party's application, inspection, and other records and determines the products identified on the schedule are organically grown and/or processed and/or handled in accordance with applicable USDA National Organic Program standards and statutes.

The Certified Party, in acceptance of this certificate, warrants it currently is and will remain in full compliance with the Terms and Conditions of the USDA National Organic Program and all applicable standards and statutes. This certificate is issued within the scope of ISO/IEC 65 accreditation issued by the International Organic Accreditation Service (Registration Number 13).

This certificate is not valid without attached Organic Certification Schedule.

Customers of the ICS client named on this certificate are encouraged to contact the ICS office to confirm the client's current certification status.
